

## PARTNERING FOR PROGRESS

### REQUEST FOR WORKSHOP PROPOSALS

We are seeking your best education session ideas that deal with all aspects of working in the non-profit world. We encourage you to share your creativity, knowledge and vision. We have provided a sample list of topics to help you identify and frame your ideas. The list is not exhaustive, so don't let it limit you!

Our participants range from CEOs/executive directors to direct care workers who are looking for all levels of content that explore the tried-and-true, as well as the new and improved ways of doing things in their professional and personal lives. With your help, we aim to create a learning experience that engages, challenges and empowers our nonprofit community-based service providers.

Here are some questions to help you come up with session ideas: Have you started a new program or service? Do you have a fresh look on a specific topic? Can you supply participants with tangible strategies or tactics to do their jobs better? Do you know of ways to reduce stress?

***Our attendees want to be engaged and challenged, so put on your thinking caps and give us your best ideas!***

### PRESENTERS

**LCSW and LMSW:** The Education Law and Commissioner's Regulations restrict the practice of LMSW and LCSW to those licensed or authorized under Title VIII. A clinical instructor must have appropriate clinical licensure and education, training and experience in order to practice the profession. An instructor who is not clinically licensed may only provide didactic instruction, as such an individual is not qualified to practice clinical social work or psychotherapy under the Education Law. A licensed social worker may earn continuing education hours for preparing and teaching a workshop, or making a technical presentation, at one of our conferences, provided that the presentation has not been offered on more than one occasion without including new or revised material. Continuing education hours that may be credited for these activities may include actual instructional time, plus, up to two additional hours of preparation time for each hour of presentation.

**LMHC:** The Education Law and Commissioner's Regulations require providers to use instructors who are qualified to teach the course/educational activity which will be offered. Qualified instructors include, but are not limited to, faculty of a licensed mental health counseling program offered by a higher education institution; or instructors who are specially qualified authorities in activities that are directed at developing and enhancing a licensee's practice as a licensed mental health counselor. A licensed mental health counselor may earn continuing education hours for preparing and teaching a workshop, or making a technical presentation, at one of our conferences, provided that the presentation has not been offered on more than one occasion without including new or revised material. Continuing education hours that may be credited for these activities may include actual instructional time, plus, up to two additional hours of preparation time for each hour of presentation.

**CASAC, CPP and CPS:** Individuals must have a minimum of two years of teaching/training delivery and/or vast knowledge in the subject area.

**Please Note:** Workshops designed for the sole purpose of personal development, marketing, business practices, or maximizing profits for the practice of a licensee will not be eligible to offer CE contact hours, ***but may still be selected for the conference.***
